

Darling Supports Local Communities

In response to the unprecedented Coronavirus (COVID-19), **Darling Ingredients** provides a critical service to the Food and Agriculture industry. We are focused on urgency with a deep sense of care. Times like these remind us of the importance of working together for a common goal to protect our public health and keep the economy moving forward. As an essential service to the food industry, we realize just how important it is to continue getting food to the people who need it most. Darling has donated to **Food for the Soul**, an organization that is Fighting Childhood Hunger School by School with both cash donations and gift cards for food to keep our restaurant industry thriving and providing jobs. Other donations to the **Irving School Foundation**, the **Family Resource and Youth Service Center Coordinators in Falmouth, KY** and the **Ronald McDonald House** are focused to feed the children and families at home in this time of heightened alert to social isolation.

I am unspeakably proud of every member of the Darling family for overcoming the difficulties associated with these unsure times to make sure the food chain is preserved. We have work to do and Darling is here to support our customers, who in turn feed the world. Our employees are dedicated to ensuring the process of protecting the food chain remains in place. And make no mistake, we are dedicated to protecting our employees, the life of our company, by adhering to WHO and/or CDC guidelines and restricting non-essential visitors to our operations.

Randall C. Stuewe

Chairman and CEO

Darling Ingredients Inc.
