COLLAGEN IN MOTION
MOVE FREELY AND EFFICIENTLY WITH PEPTAN®

A healthy musculoskeletal system is essential for optimal movement and the body relies on collagen for tissue strength and flexibility.

**COLLAGEN IS:**
- the body’s most important building block
- a key structural protein that ensures the cohesion, elasticity and regeneration of all our connective tissues such as cartilage, tendons, ligaments, and bones.

**THE BODY’S ABILITY TO REPLENISH COLLAGEN DECREASES WITH AGE**

**HIGH INTENSITY SPORTS** can cause wear and tear to musculoskeletal tissues, such as tendons, ligaments, cartilage, and bones leading to **higher risks of sports injuries**.

Select Peptan® and benefit from our commitment to:

- science
- quality
- brand
- safety
- formulation
- innovation

**Peptan® COLLAGEN PEPTIDES: THE SOLUTION TO MUSCULO-SKELETAL HEALTH**

Peptan, a unique bioactive protein backed by science. Peptan is one of the preferred active ingredients for manufacturers worldwide and is used in a variety of applications, from functional foods and drinks to dietary supplements.

Regular intake of Peptan boosts collagen production in the body and thereby strengthens connective tissues.

**Collagen Peptides**
